Those who do not serve these days will serve an equivalent number of hours of no less than one hour daily on each of the first four days starting September 6th. The days are to be determined by the Supervisor in charge.

This calendar introduces a mid-winter recess as an experiment for the purpose of energy-saving. This new schedule does not reduce the number of instructional days for pupils or working days for staff.

This school year provides a total of 185 instructional days (184 days in Brooklyn and Queens)

Any district which, in violation of this officially adopted city-wide brief calendar, closes a school or schools other than for those special emergency situations provided for under Board of Education procedures and practices, shall be assessed an amount equivalent to reductions in State Aid caused by such closing. This will prevent other community school districts from bearing the burden of reduced State Aid resulting from such actions.

Very truly yours,

IRVING ANKER
Chancellor

1. If the calendar herein suggested is adopted, the number of instructional days for the next school year will be as follows:

- a. Elementary, Intermediate and Junior High Schools
(except Brooklyn and Queens).....185 days

In Brooklyn and Queens (Anniversary Day).....184 days

- b. High Schools

Fall term - 92 days, which includes three days for Regents
and citywide examinations.

Spring term - 93 days, which includes five Regents days
(92 days in Brooklyn and Queens)

In Brooklyn and Queens one day is subtracted from the total in the
Spring term because of Anniversary Day. This provides a total of
185 days for the school year (184 days in Brooklyn and Queens).

2. Schools are scheduled to be closed on Rosh Hashanah, Yom Kippur, Martin Luther King Day, the usual national holidays, Christmas Recess, Mid-Winter Recess, Spring Recess and the day after Thanksgiving.
3. When a community school district closes a school in violation of the officially adopted citywide calendar other than for those special emergency situations provided for under Board of Education procedures and practices, the assessment provided in this resolution will prevent other community school districts from bearing the burden of reduced State Aid resulting from such actions.

Respectfully submitted,

IRVING ANKER
Chancellor
